Safety Advice

 South Bank

 Underground station

 Hotspots

 500 Metres

You are using the StrollOn audio walk in a busy and exciting city. Take care of your personal safety and in particular look out for the busy roads with cars and bicycles that come from any direction. Try and cross at a traffic light or pedestrian crossing, Keep your personal belongings secure and safe at all times and leave non-essential items at home. Please watch out for the uneven pavements and cobblestones and the edges of pavements when crossing the road. StrollOn is not responsible for your personal safety or any damage or losses suffered during this walk.
